

Durrumbul Public School NEWSLETTER

Term Four Week Two

Principal: Mrs Lauren Hankinson

HEALTHY HAROLD VISIT

It's always such a happy day when the Life Education Van pulls up and we get to spend time with Healthy Harold! Our students had a wonderful session in the Life Education van learning about friendships, respectful relationships, bullying and understanding emotions. Healthy Harold also explained the impact food choices have on health and energy levels and the function of vital organs (heart, lungs, brain and kidneys). We can't wait to see you again next year Harold!

COME TO BIG SCHOOL!

Every Tuesday, we are offering a 'Big School' experience for any children considering starting Kindergarten in 2023. Our staff have created different themes of learning experiences each week to allow children to have a "taste" of what it is like at school. Children will enjoy undertaking activities learning about Dinosaurs, Australian Animals, Outer Space and Under the Sea. Sessions run from 9:30am to 11am each Tuesday. Parents will need to contact the School Office to book in for these sessions. Children will only need to bring their hat, a piece of fruit and wear covered shoes. We can't wait to show you how happy our days are at Durrumbul Public School!

FRESH FOR KIDS WINNER!

Fresh for Kids was an initiative developed by Sydney Markets in an attempt to combat the alarmingly low levels of fresh fruit and vegetable consumption within primary school aged children. Now, over 250,000 students participate each year! At Durrumbul Public School, our students were determined to eat more fresh fruit and vegetables and start healthy lifelong habits. We received the incredible news that this year, one of our students was awarded THIRD PRIZE! WOW!!! They will be receiving a Fresh for Kids apron and pencil case for their healthy choices and efforts.

WELCOME BACK KOOLBEANZ

We always love welcoming our local children, who attend early education and preschool, come and spend time with us at Durrumbul Public School. KoolBeanz Mullumbimby had a delightful morning dancing to a live didgeridoo performance by our very own Mr. Symon Roberts, creating some Aboriginal dot painting artworks and going on a nature treasure hunt. We were so pleased to share with the Little Beanz how we learn and play each day on Bundjalung Country and how we strive to connect and respect all that it provides us. Thank you for visiting us KoolBeanz, we can't wait to see you again soon.

AWARDS

BUSY BUSY BEES

Our students have been invited to create a display for the Mullumbimby Show! They will be showcasing their recent learning on bees. Students will be working on their display in the coming weeks and will be on show, at the show on Friday 11th November. We are so excited to be able to show our community an example of what we learn in our weekly environmental science "Green Days".

SHOOTING STARS

In Science, students have been learning all about our solar system. They have loved bringing outer space into our classroom. This past week they have had such fun creating a three-dimensional diorama representation of the galaxy. They were very excited at the chance to build the International Space Station with LEGO! We have been so impressed with their efforts.
